Tim Rowe Memorial Sweetwater Pass Ride: Full and Half Distance Options Sunday, October 4, 2020

David Scarborough, Fall Century Coordinator

We're once again closing out the ride season with our annual fall ride held in memory of Tim Rowe. Like the Spring Century and the Challenge Staff Rides, we're adapting to be virus safe. We won't have a mass start, the rest stop will be of the physically distanced variety.

For the full distance (88 miles) plan to start around 9:30am from CG Bar and Pizza in Wellington, NV and ride to Bridgeport, CA back and forth over Sweetwater Pass. For the half distance (41 miles) start around noon and ride to the top of Sweetwater Pass and back to Wellington.

As usual, there will be a club rest stop on top of Sweetwater Pass but you'll need a mask and observe the virus safety protocols. Participants will be on their own for food and water in Bridgeport if needed, so bring money and your mask for that. Upon returning to Wellington, the club will buy all participants pizza so don't eat too much before hand! (You buy your own beverages.) Pizza will be served starting around 4:00pm. CG Bar will have outdoor seating for us so we can eat outdoors and maintain social distancing or your can take your pizza and eat in your car.

We won't be able to carpool this year, so you can either drive directly to the start or rendezvous at Lampe Park in Gardnerville at 8:30am if you'd like to caravan to Wellington.

As usual we'll park at CG Bar and the ride starts out of Wellington on the Wellington Cutoff (NV

SR 829). The route to Bridgeport involves a very gentle and scenic climb to Sweetwater pass on NV state route 338. The rest stop will be located roughly half of the way to Bridgeport close to the highest point of the ride. We'll have water and snacks there.

This is followed by a descent to the East Walker River. We cross into California and follow the river, ride around Bridgeport Reservoir, and reach Bridgeport.

This is a great time of year to ride as the weather isn't too brutal and the roads are less busy with traffic. It's also a great time to see fellow club members and ride at a leisurely pace.

Please RSVP by 4:00pm on October 3 so we can get a rough idea of how much pizza to order and how much food and water to have at the rest stop.

RSVP to: davescar30@gmail.com or 530-318-7878.

Presidential Posting

Nigel Leigh, President

Between covid and wildfire smoke this hasn't really been the best riding season ever has it? I hope you've all managed to stay out of harm's way, on both counts. This last week became so bad for smoke that Desiree & I headed out east to Sun Valley (Idaho) and the Ruby Mtns (Eastern NV) to get away from it. Great idea, great riding!

Last week marked the end of the time-trail weekly race series. What a success that series was! Huge thanks to Joseph Whiteley for making it happen, planning and marking the race routes, collating the results, resolving the inevitable issues... It seems that we were one of the few clubs to have run any series of events this year. Go Alta Alpina!

But wait, there's more. After taking a well-earned break, Joseph is hinting that he may conjure up some kind of winter series. Different from

summer, less frequent, less intense. If so, details will emerge, watch this space!

So, what's coming up next? The Tim Rowe Memorial Ride is Sunday Oct 4. Wellington to Bridgeport, earning your free pizza at the CG Bar afterwards. Come out club members! Think of this as a defacto End of Season Party, as we can't run the traditional CVIC Hall format this year.

We'll work out how to hold the club's annual general meeting next... Meanwhile stay safe, stay sane!

Weekly MTB Challenge

The threat of wildfires closed trails, kept people indoors, and suspended NICA team training rides, but weekly MTB challenges continue.

Thanks to everyone who helped these riders on June 27 and July 25.

2020 Socially Distanced Thursday Race Season

Joseph Whitely, Race Administrator

In a time when most all other sporting events were cancelled, we were able to quickly put something together in a format for a unique and competitive race series. The format allowed for the return of some race venues from seasons past and even a separate race area for those that live in the Reno area to minimize travel. It was great to have some new racers come out and join the fun. I would like to thank everybody for your participation and also providing feedback including road construction issues and recommending race segments. Let's hope that we won't have to repeat this format, but it is good to know that we have a backup plan in case our normal gatherings are still discouraged in the future.

I know that some of you still have RFID chips from seasons past. If they have a dark gray mounting frame you should be good for the next regular season. If they have a black or white mounting frame, I would like to get them back so that I can refurbish them. In either case, if you would like to return your RIFD chip, please contact me at racedirector@altaalpina.org and we can arrange an exchange to get your deposit back.
